Black Out 11/01/2017 | 0 out of 0 people found this review helpful. Great new Fantasy RPG Prerelease demo is very nice, still showing a lot of stuff that got cut, and details I'm really looking forward to. After watching one trailer I now know that combat is turn based, but still very dynamic and rewarding, and I really love the leader like AI and the interaction between the characters is fun. I've been eagerly awaiting this game since I first read about it (And I'm pretty huge into Fantasy, so that's saying something.) I played the beta and downloaded the game. After the first game (Which was a pretty good game, but pretty simple. It was Origins, which I already had) I really wasn't looking forward to a sequel. However, the announcement trailer really excited me, and I'm glad that I gave it a shot. I'm playing now and its still pretty good, albeit a bit light on the story. Its a fun game with a ton of customization options. Its a fun game with a ton of customization options. I can't wait to see where they take it! Very highly recommended. 12/31/2016 | 0 out of 0 people found this review helpful. I,ll just write this short review. 1. The story is really short 2. As far as I know, all paths are the same (Normal, Master, or God level) 3. You can always buy the weapons at this place in the guide. 4. As far as I know, all worlds will only have one ending. Your character can die if he takes damage in a boss. But it appears that it's the final boss is a grinding device for money to unlock new weapons and as to god levels. And apparently the path you choose as a final boss determines the ending of the game. Anyway, that's it for now, hope you enjoy it. I did not really enjoy it because I was irritated with the whole "oh, we can't have a story. It's a fantasy action RPG!" So make a good game already. What's new in Elden Ring:

[Advertisement] Characters Hattori Ryunosuke He is called the "Red". In the film "Samurai" there was a middle-aged man with a tattoo on his left shoulder blade. The tattoo on his shoulder blade says: "The alpha of the west". Attached to the back left of the armor is a katana. Appeared very rarely in films. Since he is an Elden Lord, Ryunosuke has refined his body and mind. By becoming an Elden Lord, he becomes a warrior who cherishes and holds his sword. In the midst of battle, he will dare to face overwhelming monsters in order to eliminate his opponents. His sole objective is to achieve a strong warlord. Can he achieve the Elden Ring? Room 1 1. Sword The weapon that he uses is a demon sword. In the story, it appears when Ryunosuke appears before the dragon. Ryunosuke gets strong when he is facing a demon sword and cuts off the dragon's flames. The most important thing is to use your weapon while standing. Ryunosuke's skill to fight with his weapon as an attack has improved. 2. Rune Necklace It has been said that the destiny of Ryunosuke is connected to one wrist. After turning the wrist at the age of 5, Ryunosuke received the Rune necklace to make it linked to the fate of the Rune. Eden Ring - Review

Eden Ring: A surreal fantasy RPG with gorgeous graphics and an amazing soundtrack.

A surreal fantasy RPG with gorgeous graphics and an amazing soundtrack.

A surreal fantasy RPG with gorgeous graphics and an amazing soundtrack.

Its action doesn't disappoint and then you see Into the Depths, and you jump off the cliff.

Whilst some of the depth of this game is lost on me, I do find the verve and joy in chest-swallowing-a-magnificent-iron-maiden immersive.

So how do you play it? Naturally you get the game to point towards the right buttons - health and mana - and start, and the ring is your company.

From there you enter the enormous worlds you enter a charm, you get stunned, beastly the lands are, watched black metal ages the completely inedible world.

It's not very difficult to pick up in terms of terms, but the recipes are deliberate and should be rewarded to help you develop you own recipe.

But there's difficulty in finding those recipes. I love to action RPG in epic fantasy, and Eden Ring feels like a classic fantasy epic for me, but the combat feels simple. Just roll and look for enemies, and beat the hell out of them.

But this simplicity creates an ingeniously exciting sense of caution.
